LOGIC MODEL
RÉSEAU EN IMMIGRATION FRANCOPHONE

Final version, May 2013

ACTIVITIES

- Ensure cooperation and promote partnerships with stakeholders from various sectors—community, private, parapublic and government (three levels)
- Identify needs, gaps and assets of the community and newcomers with respect to the various stages of the immigration continuum
- Develop an Action Plan on Francophone Immigration to deal with the needs, gaps and assets identified and guide the national Francophone immigration priorities
- Raise awareness, mobilize and support communities and partners in the implementation of the Action Plan on Francophone Immigration

OUTPUTS

- Collaborative platforms (provincial, territorial and/or municipal) that bring together various players
- Research and/or study on needs, gaps and assets
- Provincial, territorial and/or municipal action plan on immigration
- Coaching and support for partners to aid in developing activities and collaborative projects

IMMEDIATE OUTCOMES

- Partners are mobilized and actively collaborate on setting goals and priorities for the Action Plan on Francophone Immigration
- Needs, gaps and assets are identified around the Francophone immigration continuum in FMCs
- Partners are mobilized and actively collaborate in the implementation of the Action Plan on Francophone Immigration
- Economic stakeholders and employers are aware of the importance of immigration and the issues associated with the vitality of FMCs
- Specific initiatives and collaborative projects are created for the implementation of the Action Plan on Francophone Immigration
- Partner capacity is improved to support the implementation of the Action Plan on Francophone Immigration
- Francophone communities and institutions offering general services to the public are aware of the importance of immigration and the issues associated with the vitality of FMCs

INTERMEDIATE OUTCOMES

Network activities contribute to the following outcomes:

- Immigration applicants abroad and temporary residents in Canada are informed about immigration options, as well as services offered in the FMCs, and referred accordingly
- Reception, settlement and integration services in the FMCs are adapted, concerted and coordinated
- Francophone newcomers are aware of reception, settlement and integration services and make use of them
- Francophone and Anglophone employers and economic stakeholders support immigration and the vitality of FMCs
- Institutions offering general services to the public (municipalities, hospitals, educational institutions, police services, etc.) factor in and consider the needs of Francophone immigrants

FINAL OUTCOMES

Network activities contribute to the following outcomes:

- Increased number of French-speaking immigrants settle in FMCs
- French-speaking immigrants have access to quality reception, settlement and integration services that are adapted to their needs and provided in the official language of their choice
- French-speaking immigrants find employment in keeping with their training and experience
- French-speaking immigrants are integrated into the various spheres (social, economic and cultural) of community life

Axis 1: Increase the number of French-speaking immigrants in FMCs
Axis 2: Improve the reception capability of FMCs and enhance structures to receive and settle newcomers
Axis 3: Ensure the economic integration of French-speaking immigrants in FMCs and in Canada as a whole
Axis 4: Ensure the social and cultural integration of French-speaking immigrants in FMCs and in Canada as a whole
